ABOUT

Computer Engineering student specializing in **Frontend Development**, seeking an internship to apply skills in **CSS, JavaScript, React, and UI/UX Design**. Passionate about building responsive and user-friendly interfaces, collaborating in team environments, and staying updated with modern web technologies. Eager to contribute to innovative projects and enhance user experiences through clean and efficient code.

TECHNICAL SKILLS

Frontend Development: JavaScript, HTML, CSS, Tailwind CSS, React, Next.js
UI/UX & Design Tools: Figma, Adobe XD, Responsive Web Design, Accessibility Optimization
Developer Tools: Git, GitHub, VS Code, Google Cloud Platform, Docker
Other Programming Tools: Python, Java, SQL (PostgreSQL), C

PROJECTS

Research Paper: Analysis of Suicide Content in Social Media Posts with Deep Learning Models and Comparison of Models

- Authored a **research paper** on detecting suicidal intent in social media posts using deep learning models.
- Implemented and compared two unused models in literature, achieving **97% accuracy** in both models.
- Conducted **data preprocessing, feature extraction, and model evaluation** to improve classification performance.

Weather Page

- Built a real-time weather tracking web app using **Flask, JavaScript, and Tailwind CSS**.
- Integrated **OpenWeather API** for live weather data and implemented dynamic UI updates.
- Focused on **responsive design and performance optimization** for better user experience.

Movie Recommendation App

- Developed a movie recommendation system using **Collaborative Filtering** and **Cosine Similarity**.
- Developed a desktop-based UI using **JavaFX** and **CSS**, ensuring a user-friendly interface.
- Optimized recommendation logic to improve accuracy based on **user preferences and ratings**.

Personal Portfolio Website

- Designed and developed a **modern and responsive** portfolio website using **Next.js, React, JavaScript** and **Tailwind CSS**.
- Implemented **smooth animations, interactive UI components, and accessibility optimizations**.
- Deployed on GitHub Pages and Cloudflare Pages, ensuring fast loading and mobile responsiveness.

EXPERIENCE

Intern

September 2018 – June 2019

Turk Telekom, Tokat

- Assisted employees in troubleshooting hardware and software issues, ensuring smooth daily operations.
- Provided basic IT support to accounting and HR departments, resolving computer-related problems efficiently.
- Gained exposure to enterprise IT systems and learned about corporate IT infrastructure.

EDUCATION

Marmara University

Computer Engineering

Istanbul, Turkiye

2019 – Present
